Juvenile Smoking Prevention Regulation — working of.

118. **Mr. A. V. Moothedan.**—Will the Government be pleased to lay on the table a succinct report of the working of the Regulation (II of 1096) for the prevention of juvenile smoking?

Mr. P. Nilakanta Menon.—Offences under this Regulation are more often prevented than detected. A monthly statement is being obtained from all Station House Officers showing the nature of the action taken by them under sections 4 and 5 of the Regulation. This statement is scrutinised and necessary instructions are issued from time to time. It is noticed that adequate attention is being paid by the Station House Officers for the prevention of offences under the Regulation.

Prosecutions under section 3 of the Regulation are also launched against persons found selling tobacco to juveniles without proper authority.

The following statement gives the details of action taken for the prevention of offences under the Regulation since 1104.
